The United States Commemorative Gallery has a number of all Statehood Quarter Dollars minted to date in their vault that have gone unclaimed by a small percentage of customers. In addition, this also allows you to be among the first to receive the new Michigan Statehood Quarter Dollar FREE.

These Statehood Quarter Dollars are all uncirculated and are in special protective capsules.

All of these Statehood Quarter Dollars have already increased substantially in value and some by over 275%!

United States Commemorative Gallery Officials have decided to offer these unclaimed U.S. Statehood Quarter Dollars FREE to select regions of the country to ensure equal nationwide opportunity. Your region has been specially selected to receive these unclaimed Statehood Quarter Dollars FREE. You only need to cover the small price of the protective capsules and sealing labor for these unclaimed and Uncirculated Statehood Quarter Dollars.

Uncirculated Collector coins have the highest value because they are in mint condition. Circulated coins are usually damaged through rubbing surfaces or other coins. Also, acid from people's hands causes coin metal to corrode. This is why it is important to seal uncirculated coins in protective capsules while wearing gloves.

The United States Commemorative Gallery has put these unclaimed, uncirculated Statehood Quarter Dollars into separate lots for each year the Quarter Dollars were released. There is one Statehood Quarter Dollar for each state.

The unclaimed, uncirculated Statehood Quarter Dollar lots that are available will include the highest appreciating uncirculated Statehood Quarter Dollars - Delaware, Pennsylvania, Kentucky and Tennessee - all over 275%.

The other 20 Statehood Quarter Dollars have increased substantially in value and could appreciate much more in the future. These are New Jersey, Georgia, Connecticut, Massachusetts, Maryland, South Carolina, New Hampshire, Virginia, New York, North Carolina, Rhode Island, Vermont, Ohio, Louisiana, Indiana, Mississippi, Illinois, Alabama, Maine and Missouri. The newest release, Michigan, is also sure to substantially increase in value.

No matter what their value, every Statehood Quarter Dollar is FREE. All you need to do to claim them is remit the price of the protective capsule and sealing labor, which is only \$2.20 each. These protective capsules are critical so that the Statehood Quarter Dollars will not be handled and therefore will maintain their highest possible uncirculated value. All of these Statehood Quarter Dollars have been placed into the protective capsules by specially-trained United States Commemorative Gallery Staff who wear special white placement gloves to insert the quarters into the protective capsules and seal them.

You may claim one or all 5 of the lots by year that are now available. There are 5 Quarters in each lot. The U.S. Mint only mints 5 Statehood Quarter Dollars each year.

The U.S. Mint started minting Statehood Quarter Dollars in 1999. Therefore, there are 5 years of Statehood Quarter Dollars minted to date for a total of 25 plus the new Michigan Quarter Dollar. The rest of the 24 remaining states of the Statehood Quarter Dollars will be minted over the next 5 years.

If you claim one lot, you only pay \$2.20 each for the protective capsules in that lot which comes to only \$11 plus \$3 shipping and handling. will then offer them to another selected region of the country. These Statehood Quarter Dollars produced by the United States Mint have been one of the biggest sensations in the history of coin collecting. They are expected to appreciate in value substantially in the future. Remember, each Statehood Quarter Dollar is only minted for 10 weeks of one year. After that, no more will be minted. That is another reason why they are so valuable. And the Statehood Quarter Dollars are uncirculated and, therefore, you will not be able to find them in your change. The uncirculated Statehood Quarter Dollars that have been put into a protective capsule have a greater value. They also make great gifts.
