Weddings Solemnized

Mrs. Paul Adrian Davis

The wedding of Miss Alene Rose Bredemeier, daughter of Mr. and Mrs. Fred C. Bredemeier of Du Bois and Paul Adrian Davis, son of Mr. and Mrs. Walter E. Davis of Kearney, was solemnized Sunday afternoon at First Christian Church in Lincoln.

The Rev. Charles F. Kemp read the lines of the 3 p.m. service in the presence of 150 guests. The altar was decorated with pink and white gladioli.

Miss Janice Fullerton played traditional wedding music and accompanied Robert Brown and Jerry Lawson who sang.

The bride wore a gown of ice blue net over taffeta in the ballerina length. It featured an off-shoulder bodice and a bouffant skirt with tiers of nylon net ruffles. A scalloped net tunic designed with an embroidered flower scroll accented the hipline and a petite jacket of matching embroidered net completed the dress. Her ballerina length veil of ice blue illusion fell from a half hat of seed pearls and rhinestones. She carried a white Bible surrounded by white roses.

Miss Jancie Morris, maid of honor, and the bridesmaids, Miss Maria Greb, Miss Betty Stratman and Miss Phyllis Weisser, were frocked in satin and net in shades of blue. They were styled with off-shoulder satin bodices and ballerina length net skirts. They carried colonial bouquets of painted blue daisies.

Christian Amy of Julesburg, Colo., was flower girl and Edward Amy, ring bearer.

Miss Elane Bredemeier of Du Bois and Thomas Bainbridge were candle lighters.

Walter H. Davis of Omaha served his brother as best man. Ushers were Guy Curtis of Imperial, Ray Martusiak and Stan Wimberly, both of Kearney.

Assisting at the reception in the church parlors were:

Mrs. Robert Clark
Miss Sarah Jane Coatney
Mrs. Robert Amy
Mrs. Ray Martusiak
Miss Joan Sunneberg
Miss Ruth Albers
Mrs. Jerry Lawson
Mrs. Bert Achenback
Mrs. Wilmoth Siske
Mrs. Ralph Helms
Miss Karen Parsons

For a wedding trip to Colorado, Mrs. Davis wore a white linen suit with red and white accessories.

The couple will live in Lincoln at 918 So. 16th St.

Mr. Davis attended the University of Nebraska and belonged to Kappa Sigma, Sinfonia and Gamma Lambda.

Mrs. Stanley Samuelson

CERESCO — Miss Joyce Pearson, daughter of Mrs. Hazel Pearson of Lincoln, became the bride of Stanley Samuelson, son of Mr. and Mrs. Charles Samuelson of Ceresco, Sunday afternoon at the Evangelical Covenant Church.

The Rev. Everett Swedenburg officiated at the 4 p.m. ceremony.

Ronald Nelson sang, accompanied by Mrs. John ElDorado, who also played the wedding music.

The bride, given in marriage by her brother, Warren Pearson, wore a gown of white satin and Chantilly lace. The 16th century style bodice was appliqued with lace and had a nylon yoke. Tiny self-fabric buttons closed the back bodice and the long fitted sleeves had insertions of lace at the upper arm. The skirt, which swept into a train, was accented by spanning triple fans of appliqued lace. A lace cap edged in rolled tulle and seed pearls held her double waist length veil of illusion and she carried a white Bible marked with a white orchid.

Mrs. Robert Frink of Omaha, matron of honor, and Miss Mona Lee Rogers and Miss Juanita Bowers, bridesmaids, wore gowns of tulle over tafeta with matching boleros and headpieces in pale green and lavender. They carried bouquets of lavender carnations.

Daryl Samuelson was his brother's best man and seating the guests were Jerry Richard and Dennis Tejral.

Assisting at the reception were:

Mrs Lawrence Rudeen — Mrs. Daryl Samuelson
Mrs. Joe Nelson — Mrs. Warren Pearson
Mrs. Carl Mostrom — Miss Janice Samuelson
Miss Shirley Frank — Miss Glandoris Buffum
Miss Marilyn Lodwig — Mrs. Elmer Johnson
Miss Norma Patzloff — Miss Bonnie Johnson
Miss Beverly Smith — Miss Merva Lee Hansen
Miss Virginia Peterson

For traveling, the bride wore a grey summer suit with navy accessories.

The couple will live in Lincoln at 1114 So. 30th St.

That Crunchy Taste

Sandwich fillings are more interesting and appetizing with something crunchy in them. Add coarsely chopped pickles, chopped nuts, chopped celery, radish slices, or chopped apple.

Come to GOLD'S! Learn How To Rinse Away Your Blackheads

By CLAIRE HOFFMAN

A leading skin doctor today showed an audience of men, women and skin-troubled teen-agers how to clean oily skin and shrink their enlarged pores with a 10-minute home medical treatment he has perfected. Then to the amazement of young and old, he demonstrated how you may rinse away externally caused blackheads, and dry up whiteheads and adolescent pimply skin eruptions!

Before our very eyes the doctor selected a 36 year-old woman with typically oily skin. This woman had blackheads around her nose. Enlarged pores and whiteheads visible to the naked eye. To this woman's face, the doctor applied a cream. Within moments it firmed into a plastic-like mask. Next he sprinkled her face with water, and handed her an ordinary washcloth to rinse the cream from her skin. To her utter astonishment, clinging to the washcloth, were not only grimy black streaks of dirt . . . but several blackheads and pus formations which had marred her beauty for years.

As we stared at the washcloth in disbelief, the doctor's assistant turned to us and said: "You have just seen what looks like a miracle. Yet, what has just been done for this woman's skin, you can do at home just as easily. But to understand how and why this medical formula acts to help clear your skin troubles, you must first knock out of your head some silly notions most people have about their complexions."

The Truth About Cosmetics

Has it ever occurred to you that you lavish more care on your face than any other part of your body . . . yet isn't that where you find the most offensive looking pimples, blackheads, blemishes and enlarged pores? So what do you do about it?

Nine out of 10 women simply don't or won't understand that if they have oily skin, blackheads, pimples or enlarged pores, they may not only have a cosmetic problem . . . but a medical problem as well.

Now why is this so? Shocking as it seems, if nature gave you either a normal or oily skin, your face is always dirty! Why? Because 24 hours a day your face is always exposed to soot, smoke, factory dirt, car exhaust, coal dust, noxious fumes and other germ-laden dirt that pours into the air. It clings to the natural oils on your skin.

Your pores become choked and clogged. Your natural oils are stopped up and harden into blackheads or pimples. They try to push out, forcing your pores to open wider and wider. Once this condition starts (especially during adolescence, when glandular disturbances make your skin extra oily) the condition usually grows worse and worse as you grow older. And when this happens . . . isn't it obvious that it may become **impossible to correct unless you start to change your complexion care immediately!**

Do This For A Clearer Skin

If you want to rid your face of ugly blackheads, enlarged pores and externally caused skin eruptions, these are the three things you must do:

First, you must soften the hardened filth and oils that may have accumulated in your pore openings, not only for days but for months! Second, you must remove that filth (but don't squeeze it out. Squeezing only forces part of the pus deeper into your skin and spreads the infection!) And third, you must try to tighten your skin with shrinking and antiseptic agents, not only for beauty . . . but to guard you against re-infection! And unless you are prepared to do all three things it's likely you will go on wasting your time and your money the rest of your life looking for "miracle cures!"

What Happens When You Apply This Doctor's 3-Way Formula!

First, to prepare your skin for treatment, we are going to soften and loosen the buried filth cemented into your pores. The scientific pore cleaner which is part one of this famous skin doctor's treatment is unlike any other cleanser you have ever used in your life, regardless of how much you can afford to pay. And here is how you can prove it on your skin.

Apply the doctor's scientific pore cleanser. Tissue it off! Now look at the tissue!

When you see the dirt and filth pouring out on that tissue . . . when you see the infectious filth and indescribable wastes that may have been causing your skin eruptions since adolescence . . . then and only then will you begin to understand why you need a drastic change in complexion care.

2) The second part of your doctor's treatment is a medical cream designed to get at those ugly blackheads, whiteheads and externally caused pimples which cause you so much misery.

Apply it to your face with your fingertips as you would any cream. A little thicker around the "danger area" . . . mainly around the nose, under the lips, around your eyes and cheeks.

The first 3 or 4 minutes you will feel a strong stimulation. This is the massaging action of the medical ingredients going to work on your skin. Your face will feel hot and cold. You will like it. Your face will feel refreshed. It is like a massage without irritation bringing fresh, purifying blood to your face to draw off the poisonous wastes in your skin.

After 3 or 4 minutes this hot and cold action goes away and a wonderful relaxation of all your tense, over-worked facial muscles sets in. Your pulse tends to slow down and you are so relaxed you feel a great tendency to fall asleep. In another moment, you will feel your skin getting tighter and tighter. What is happening is this. A wonderful medical absorbing agent doctors call ARGILLA is drying on your skin. It is turning the cream on your face into a firm, plastic-like mask. You get a pleasant drawing feeling, a relaxing feeling, there is a corrective action, there is an astringent action and an antiseptic action. You feel the ARGILLA drawing on the pus-heads. Everything it touches it draws into itself, including the hardened oils, the dirt, the waste matter, the fatty acids, whatever filth is buried in the pores, including some of the blackhead materials, perspiration and poisons given off by the skin.

After 10 minutes rinse the mask away. Hot or cold water makes no difference. It dissolves in a second. Your skin feels clean, refreshed, sparkling, smoother! Like velvet! But wait . . . you haven't finished your first treatment yet!

WHAT DOES YOUR FACE REVEAL ABOUT THE COSMETIC CARE YOU USE? To many a woman, there comes a day when she honestly faces her mirror . . . and faces this shocking truth! That all the time and money she has lavished on improper cosmetic care . . . that all the creaming, greasing, smearing and squeezing have not removed her blackheads. That her face is still marred by clogged and ugly pores. That another 100 jars and bottles of inadequate preparations can never help clear up her blemished complexion, can never give her the clear-skinned beauty she dreams of. To learn the incredible difference 10 minutes with a doctor's formula can do for your skin . . . read this article! ABOVE, LEFT: a typical example resulting from improper skin care. ABOVE, RIGHT: 10 minutes with a skin specialist's home medical facial described in this article may pave the way to a remarkably clearer skin.

Now Apply Step 3 of Your Treatment . . . The Astringent

This is not merely a perfumed alcohol that tickles your skin for a few seconds. It's medicated. It penetrates into your pore openings. Kills bacteria lurking there. And even more important . . . leaves an invisible germ-destroying film on your skin that kills germs for hours. You cannot feel it . . . you cannot see it . . . but it is there to help guard you against re-infection!

Now Look Into The Skin-Analysis Magnifying Mirror We Send With Your Treatment!

Some of your blackheads should be gone with very first treatment! Look for softened pimples and whiteheads that may break or be drawn out in your next treatment or two. Look at the corners of your eyes, the corners of the nose, around your mouth, your cheekbones! See how your enlarged pores have tightened! Your skin will feel alive! And you will be amazed to see minor wrinkles gone . . . and this fresh, buoyant, youthful effect will last for hours.

SO THAT YOU can check the improvement in your skin from day to day, from treatment to treatment . . . you get a professional skin-analysis enlargement mirror. It is the same type of high refractive mirror used by dermatologists.

Is This For "Normal" Skin, Too?

Certainly. Simply because this is a doctor's formula doesn't mean that you have to have a "sick skin" to use it. You may be a woman past 30 who has never had a really serious skin problem, but who finds herself annoyed by occasional blackheads, whiteheads, enlarged pores or periodic skin eruptions. You may be a woman who suspects that your skin is not as beautiful and as fresh-looking as it could be . . . you'll be thrilled by the sheer, smooth, silken beauty that one or two treatments can give you.

On the other hand . . . if you have an adolescent, broken-out skin, if you are a man who is troubled by blemishes or a "sandpaper skin" and you are sensible enough not to be ashamed to use a so-called "woman's treatment" in the privacy of your own home . . . or if you are a woman who has chosen to abuse her complexion with improper and inadequate cosmetic preparations . . . then this is vital.

You'll notice dramatic improvement with your first 10 minute home treatment. Your magnifying mirror will show it to you, and we promise you further rapid improvement for the next 14 days. After 14 days, you will discover whether you have to keep using all or part of the treatment every day, once a week, or once a month, depending on how fast your complexion begins to clear.

How You May Try This Skin Treatment In Your Own Home Without Risking A Penny!

The name of this 3-way doctor's formula is the Queen Helene Skin Treatment. It is named in honor of the nurse who worked at the doctor's side for 15 years while this formula was being developed. Your Queen Helene 3-way formula, enough for 42 home treatments, includes your scientific cleansing cream, your medicated mask cream and your medicated pore astringent. The cost is $3.98 . . . less than 10c a treatment. Yes, less than 10c for a skin specialist's 3-way skin and beauty treatment.

With your order, you also get a professional skin analysis enlargement mirror, at no extra charge. Follow your daily progress in your mirror and after each treatment. If your Queen Helene treatment does not do for your skin everything we have led you to believe it will do, if you don't see dramatic improvement after just one 10-minute treatment, if you don't see a faster improvement each day for the next 14 days, return the unused portion. We'll thank you for trying it, and refund your full purchase price. But keep the enlargement mirror as our gift for your trouble.

But act today! The longer you wait . . . the worse your skin is bound to get. And like any other condition . . . the worse it gets . . . the longer it takes to get well. So right now, while you're determined to help yourself . . . send the coupon

3.98 size enough for 42 applications.

5.95 size enough for 45 applications for 2 persons.

Look at This Photograph— Then Look in Your Mirror!

CHANCES ARE THAT YOU WILL SEE SOME OF THESE DANGER AREAS etched in your own skin. Because these are what doctors call the seborrheic areas which produce excess oils, fatty acids. These are the dirt-catching areas where ugly skin blemishes are most likely to break out. Where enlarged pores are most likely to mar your beauty. For dramatic proof of what this buried dirt can do to your skin . . . see below!

HEALTHY SKIN—This is what a healthy skin looks like under a microscope. Notice the narrow, V-shape channel of the pore. It is dirt-free. It permits a steady flow of your natural oils. A normal flow of these oils properly lubricates your skin. Gives you a smooth, clear, sparkling complexion.

SICK SKIN — Dirt has clogged this pore! Wastes and natural oils harden and stretch your pores. They force their way through your skin as blackheads, whiteheads or pimples. Now, thanks to skin doctor's remarkable 3-way treatment, you can SEE improvement in conditions like this in just 10 minutes and treat yourself at home to a new complexion!
