

# RELIEVE PAIN WITHOUT DANGEROUS DRUGS

## New advanced heating pad from Canada brings pain relief in as fast as 30 minutes

### Hospital studies show it relieves pain from arthritis, back, bursitis, carpal tunnel, tendonitis, hemorrhoids, migraines and more

By John Whitehead, Media Services (Saskatchewan, Canada) An advanced heating pad developed in Canada is bringing users a wide range of pain relief. Finally you can get pain relief without dangerous drugs.

Some users report relief from arthritis pain and other pain in as fast as 30 minutes.

This remarkable heating pad was developed by Thermotex Therapy Systems Ltd. located in Calgary, Canada. It was then made available to the public in the remote Canadian province of Saskatchewan.

Virtually no advertising was needed to sell the Thermotex heating pad in Saskatchewan. As soon as a few people tried it and got such dramatic results, they spread the word like wildfire. In a short period of time over 30,000 people in the sparsely populated Saskatchewan Province were using the Thermotex heating pad.

The Thermotex heating pad is safe to use and its use has no known side effects.

The Thermotex heating pad is now being offered to the public in all of Canada and in the United States. Thousands are being sold with rave reviews from consumers. Testimonials from a few of these consumers are also published on this page.

Media Services interviewed the president of Thermotex Therapy Systems Ltd. Francis Docherty. This interview follows.

**Q. What types of pain does the Thermotex heating pad relieve?**

A. There are four sources of pain. One is inflammation characterized by redness, heat and swelling. Two is muscle stiffness, soreness or spasms. Three involves the toxic conditions caused by various toxins such as lactic acid. And, four is stress or hypertension caused by unpleasant physical or psychological conditions. Unlike drugs, which only target one source of pain, the Thermotex heating pad relieves pain from all 4 sources.

**Q. How does the Thermotex heating pad pain relief differ from pain relief produced by drugs?**

A. Drugs only relieve pain by interrupting the natural pain impulse. But drugs may produce harmful side effects like nausea, bleeding or worse. The Thermotex heating pad goes directly to the source of the pain for relief.

**Q. Is the Thermotex heating pad safe to use?**

A. The Thermotex heating pad is a registered medical device and it is totally safe to use.

**Q. How do you compare the Thermotex heating pad with other heating pads?**

A. You cannot compare the Thermotex heating pad with other heating pads that are available all over the world. That would be like comparing a Rolls Royce with the cheapest automobile.

Other heating pads only heat the surface of the skin and a few layers below. The Thermotex infrared heating pad can rapidly help a person who is in pain because of the way that the infrared waves penetrate the various layers of the skin and muscles to a great depth in order to reach the nerves and tissues where the actual cause of the pain originates.

Over 30,000 people in the sparsely populated area of Saskatchewan, Canada (1) were among the first to use the Thermotex heating pad. Virtually all were sold by word of mouth. The Thermotex heating pad is now available in the United States. Thermotex Therapy Systems LTD is located in Calgary (2).

The pad is a registered medical device. Pictured above is a woman using the Thermotex heating pad on her back. (Professional models.)

I have had painful arthritis in my knees and upper back for many years now. I have been to many doctors who could not help me. My son-in-law's company was offering the Thermotex heating pad and he gave me one to use. After only 30 minutes of use, it took away the arthritic pain in my knees. After only another 30 minutes of use it took away the arthritic pain in my back.

Using the Thermotex heating pad is so wonderful. It is so soothing and relaxing. Now I will never give up my Thermotex heating pad. This pad will pay for itself many times because now I do not need those expensive pain drugs. *Flory Lepora*

I want to share with Thermotex my wonderful news about my mother. She could no longer wipe the table after a meal because she could not turn on the kitchen tap. Mom needed both hands to drink her coffee.

Today, six weeks after using the Thermotex heating pad, she has resumed all normal duties, including cooking. She enjoyed a fishing trip with my Dad for the first time in years.

*Mandy Hanson*

I used to have neck aches which lead to killer migraines at least once per month. After 3 weeks of daily sessions with the Thermotex heating pad, I have had only one headache in 18 months which I caused by experimenting. I went nine days without using the Thermotex heating pad to experiment and I did get one headache. Now I know that every day I maintain my neck with a session of sheer relaxation using the Thermotex heating pad. *Mark Brooker*

I've had back problems for the past fifty years, and have been on strong pain killers for the past ten and have been doing a lot of doctoring all these years. A specialist told me that I've got to learn to live with it as at my age I've got degeneration of the spine. I then got a Thermotex heating pad and I used it faithfully for one week and I just can't believe that I can lie awake at night without a continuous nagging back pain. *Tony Young*

The Thermotex Infrared Heating Pad.

Customers who used the Thermotex heating pad know the difference between Thermotex products and "the others." They tell us that they will never give up their Thermotex heating pads for a "million dollars" once they have used the Thermotex heating pad even once, single time.

**Q. Can you elaborate more on how the Thermotex heating pad relieves pain?**

A. The infrared energy that emanates from the Thermotex heating pad penetrates the skin and muscles all the way to the bone. It safely and gently heats the tissues and increases the blood supply at the affected area.

The natural response of the body to the increased temperature is to try to maintain a condition of homeostasis. That means that the body automatically tries to lower the temperature in the area. Therefore, it expands blood vessels to increase blood flow.

When the Thermotex heating pad delivers heat to the tissues, the blood vessels actually increase in diameter via a change called vasodilation. Then oxygen and nutrients in the bloodstream are able to pass through the walls of the blood vessels more easily and initiate the process of healing the damaged cells and tissues.

In addition, toxic substances causing inflammation and pain in the damaged cells can then pass back into the bloodstream much more easily. The toxins are then filtered and eliminated by organs such as the kidneys, the lungs, and the digestive tract and the damaged, inflamed areas receive the

increased supply of blood, the cells are nourished and cleansed and inflammation is reduced. A person then experiences pain relief.

The heat also relaxes muscles and expands other tissue to relieve tension and pressure on nerves.

**Q. Will a Thermotex infrared heating pad relieve carpal tunnel pain?**

A. Carpal tunnel syndrome is the result of inflammation of the carpal tunnel in the wrists. A Thermotex infrared heating pad helps to reduce the inflammation by increasing the blood flow to the area.

**Q. How can a Thermotex heating pad relieve pain related to arthritis?**

A. Most types of arthritis cause inflammation and stiffness, and a Thermotex heating pad is an ideal form of pain relief.

The infrared heat that emanates from a Thermotex infrared heating pad penetrates the body all the way into the joints, thus increasing the blood flow to the target area. It also expands tissue to relieve pressure. The increased blood flow also helps to flush away lactic acid buildup and reduce inflammation that is a result of the arthritic inflammation.

**Q. Does a Thermotex infrared heating pad cure arthritis?**

A. There is no cure for arthritis, but a Thermotex infrared heating pad can relieve the pain and stiffness and can help some people to resume normal activities.

**Q. What are some examples of various ailments**

whose pain could be relieved through the use of a Thermotex heating pad?

A. There are many conditions and ailments for which a Thermotex heating pad can help to relieve the pain including: Arthritis, back strain, Bursitis, Carpal Tunnel Syndrome, constipation, Crohn's Disease, Dupuytren's Contracture, earaches, Fibromyalgia, golfer's or tennis elbow, hemorrhoids, hip pain, intestinal cramps, lactic acid build-up, menstrual cramps, migraines, muscle spasms, Osteoarthritis, Plantar Fasciitis, repetitive strain injury, Rheumatoid Arthritis, Rotator Cuff injuries, Sciatica, shoulder problems, sinus problems, spastic bowel, sports injuries, sprains and strains, tendonitis, tension and stress, TMJ, and whiplash.

**Q. Can you use a Thermotex heating pad on broken bones?**

A. Several of our customers have informed us that they, and also their doctors, have felt that their Thermotex heating pads have helped them to speed up the healing process that is related to broken bones. In that regard, they were able to use their Thermotex heating pads in order to create heat that permeated through their casts.

**Q. Can a Thermotex heating pad be used to help a child?**

A. A Thermotex heating pad can safely be used on children, but we suggest that you use the lowest setting, while regularly checking the area being treated and making sure that the child is feeling no dis-

comfort.

**Q. Can a Thermotex heating pad be used to help a pet?**

A. Yes, a pet can be helped with the use of a Thermotex heating pad. When a Thermotex heating pad is used on a pet, we recommend that you wrap the heating pad with a cotton towel, and make sure that the cord is protected so that it cannot be chewed by the pet.

**Q. Can you use a Thermotex heating pad as a long of a period of time for desired?**

A. Yes, you can't use a Thermotex heating pad for too long of a period of time.

A Thermotex heating pad should be used for a minimum period of 30 to 45 minutes, and there is no recommended maximum time limit.

**Q. Are there any times when I should not use the Thermotex heating pad?**

If you have a disease, injury or condition, including but not limited to those listed below, before beginning to use the Thermotex heating pad be certain to consult with your health care professional concerning it.

Specifically do not use in case of: pregnancy, malignancy (including skin lesions), desensitized areas (no feeling), circular diseases, edematous areas, scars or burned areas, active tuberculosis, adrenal suppression, lupus, multiple sclerosis, diabetes, hemophilia, surgical implants.

**Q. Is the Thermotex heating pad guaranteed?**

A. Yes! Every Thermotex

heating pad comes with a 60 day money-back guarantee, and if it does not relieve your pain, we will gladly refund your purchase price.

**Q. Is there also a warranty on the Thermotex heating pad?**

A. Yes. Every unit comes with a one year limited warranty on all parts and labor. For a free copy of the written warranty send a self-addressed, stamped envelope to: BioTech Research, 7800 Whipple Ave. N.W., Canton, OH 44767

**End of interview.**

For those who wish to obtain a Thermotex heating pad, the following is provided.

The Thermotex heating pad will not be available in U.S. stores on a wide basis for an indefinite period of time until distribution is established and large enough production lines are built to handle the required amount of stock.

In the meantime, those who want to obtain the Thermotex heating pad can order direct from Thermotex Therapy Systems Ltd.'s U.S. distributor, BioTech Research®, in Canton, Ohio by using the Special Reader's Discount Coupon on this page. If you order within 10 days of the date of this publication, the discount provided by this coupon is \$75. If you order after 10 days, you may use the coupon to order the Thermotex heating pad at the regular price. The Thermotex heating pad can pay for itself many times over in savings on pain medicine.

#### SPECIAL READER'S DISCOUNT COUPON

The price of the Thermotex heating pad is \$299. People reading this publication get a \$75 discount with this coupon and pay only \$224 if you order within 10 days.

- To order by phone, call TOLL FREE 1-800-466-7688 Ext. THP1191. Place your order by using your credit card. Operators are on duty 24 hours, 7 days.
- To order by mail, fill out and mail in this coupon along with a check, money order or credit card information.

This product carries a 60 day unconditional, no-risk guarantee. If you are not totally satisfied, your purchase price will be refunded. No questions asked. There is also a one year warranty.
